

Election Update

February 23, 2016

Greetings Election and Registration Officials,

Bulk Upload for KSU *Reminder*****

The Center for Election Systems will be obtaining the data needed to build the Bulk Update Files from the Secretary of State's office at 8:30 P.M. Friday, February 26, 2016. Please make sure you have entered all voters issued an absentee ballot for the March Presidential Preference Primary and Special Election into the VR system by this time. After receiving the data file from the state, we will begin the process of preparing the Bulk Update Files for download from Center for Election Systems website, elections.kennesaw.edu. We anticipate the files will become available on the website approximately 11:00 P.M. Friday, February 26, 2016, pending any unforeseen issues.

If this is your first time attempting to use the Bulk Update process, familiarize yourself with the steps by referring to the "ExpressPoll User's Manual" and "Downloading the Bulk Update File" manual. The most recent version of the manuals can be found on our website, elections.kennesaw.edu under the link "Documents."

The Center for Election Systems will be open on Saturday, February 27, 2016, from 8:00 a.m. - 1:00 p.m. If you have any questions or concerns, please contact the Center at 470-578-6900.

Subject: Bulk Update - SOS FTP Access

A new discussion has been posted in The Buzz by Hallman, John on 7/19/2018 3:34:39 PM

Election Officials,

The Center for Election Systems plans to request the data needed from eNet to create the Bulk Update files at 8:00 pm Friday, July 20, 2018. Please make sure you have entered all voters that were issued an absentee ballot for the runoff elections into the absentee module of eNet by this time. These files will be available first thing Saturday morning, July 21, 2018.

As soon as they are available, the Bulk Update files will be placed in the county specific folders on the SOS FTP server. Instruction on how to access the SOS FTP server have been posted on Firefly under Training > Center for Election Systems > Transferring files from FileZilla for Election Day. This is the FTP server that county election officials were given access to by their Liaison using the FTP client FileZilla. **Please test this connection today on the computer that you will be using on Saturday. If you are unable to connect to the SOS server, contact your Liaison so that they can resolve this issue for you.** It is much easier to resolve these connectivity issues today and tomorrow than it is on Saturday.

The Bulk Update files will be placed in the parent folder for your election. The parent folder name will show the election date and the election type (e.g. 2018-07-24 GenPrimary Runoff). If you do not see a new folder within this parent folder labeled "Bulk Update" on Saturday, please contact me directly. If you have trouble connecting to the SOS server, please contact me directly. I will be available to assist with accessing these files on Saturday, July 21, 2018, from 8:00 A.M. - 12:00 noon and can be reached at 404-463-0579 or jhallman@sos.ga.gov. Please leave a message if I do not answer.

Once you have downloaded these files from the SOS FTP server to your local PC, you will need to upload them to your ExpressPoll units. If you have questions about the Bulk Update process after you have successfully downloaded the files from the SOS server to your computer, please contact the Center for Election Systems (CES). Chris Bellew and Leigh Combs from the CES team will be available from 8:00am – 12:00 noon on Saturday, July 21, 2018 to provide support for the Bulk Update process. I have provided their contact information below:

Chris Bellew – 404.654.6070

Leigh Combs – 404.654.6032

In summation, if you have trouble access the Bulk Update files on the SOS FTP server on Saturday morning, please contact John Hallman. If you have trouble applying the Bulk Update files to your ExpressPoll units, please contact Chris or Leigh of the Center for Election Systems.

Thanks,

John Hallman

Speaking of Bulk Update, I know how to do everything except the FileZilla portion. It's like a new day everytime I go there! Does anyone out there have step-by-step instructions for FileZilla?

Subject: Bulk Update Preparations

A [new discussion](#) has been posted in The Buzz by Barnes, Michael on 10/30/2018 11:50 AM

Good morning everyone!

This coming Friday, November 2nd, we will be preparing your ExpressPoll Bulk Update file. In preparation for that activity I wanted to remind everyone of a few things as you prepare and estimate on when the ExpressPoll Bulk Update file will be available.

1. Review Instructions

We have placed a copy of the ExpressPoll Bulk Update instructions inside the 2018-11-06 GenElection folder within the county folder on the SOS FTP. Please download these instructions and review. If you have any questions, call us this week before attempting to execute the ExpressPoll Bulk Update. By asking questions early, you may be able to avoid missteps.

Important reminder: The cards the SOS delivered to your county in the sealed red bag are the cards containing the Electors List to be used in ExpressPoll for Election Day. Do NOT clear any data from these cards!

2. Bulk Update Expectations

Due to heavy Advance Voting turnout, the Bulk Update file for this election, for most counties, will be the largest Bulk Update file you have ever processed on your ExpressPolls. Remember, it takes time for the Bulk Update to update your ExpressPolls. The Bulk Update takes approximately one (1) minute per 1000 records. So if your Bulk Update contains 5000 records, you can expect the Bulk Update to run for approximately 5 minutes. When we post your Bulk Update on Friday night, we will do our best to include a note that tells you how many records are contained within your Bulk Update so you can estimate the time it will take to run the Bulk Update on your ExpressPoll. Also remember, the Bulk Update must be ran on all the ExpressPolls you intend to use on Election Day.

3. Posting Timeframe

We expect to pull data from eNet to begin preparing the Bulk Update files at 8:30PM, Friday, November 2nd. Once we have that data, it will take us time to prepare the Bulk Update file and its corresponding paperwork. Then it will take us time to upload that information to the individual county folder on the SOS FTP. At this moment, I would not expect Bulk Update files being available to each county **until after 11:00PM, Friday, November 2nd**.

4. Summary Statistics Report

In addition to the Bulk Update file, we will also post to every county folder a copy of the updated Summary Stats report. The report will contain all counties, so please scroll through the report to get to your specific county when reviewing.

Please use this report to check the number of voters marked ABS on your ExpressPoll after you run the Bulk Update file.

It is our plan to pull the data needed to prepare the ExpressPoll Bulk Update file at 8:30PM tonight from eNet. We will post a note to Firefly when the ExpressPoll Bulk Update file is posted to your county folder on the SOS FTP. We hope to have the ExpressPoll Bulk Update file posted some time around 11PM tonight.

Our team will be in the office Saturday from 9AM until 1PM to assist with any issues you may run into when updating your ExpressPolls. We can be reached at the following numbers:

Chris Bellew - 404-654-6070; Leigh Combs - 404-654-6032

John Hallman will be available if you encounter any Filezilla issues. His contact number is 404-463-0579

The ExpressPoll Bulk Update file (PollDataUpdates.db3) for the November 6th General Election has been posted to each county's folder on the SOS FTP. Your Bulk Update file should have a timestamp of approximately 11:10PM 11-02-2018.

In addition, we have also posted two informational reports. The "Summary Statistics" report shows the number of voters (Active and Inactive) per voting location per combo and the number of voters marked absentee as of 9:35PM 11-02-2018. The "Express Bulk Update - Records Contained in each county" file outlines the number of records your bulk update file will update. This second report has been provide to help you gauge how long it will take your Bulk Update file to process on ExpressPoll. Remember, ExpressPoll processes the Bulk Update file at an approximate rate of 1000 records per minute.

We will have staff in the office on Saturday from 9AM to 1PM to assist you if you encounter any issues while updating your ExpressPolls.

Subject: GEMS Database Deliveries Tuesday

All,

In preparation for the December 4, 2018 run-off, our office will be delivering your GEMS Database on CD in the same manner that we normally deliver the ExpressPoll cards.

This coming Tuesday, November 20, 2018, Investigators from the Secretary of State's Office will be at assigned locations with your GEMS Database in your secured bag. You will meet the investigator at the location and follow the same protocol with showing ID or a letter to claim your GEMS database.

I have placed the assigned schedule on Firefly under **2018 General Information** under the heading **GEMS Data Base-Disk Delivery.Pickup - November 20 2018**.

Please contact Chief Investigator Russell Lewis at 404-656-4793 if you have issues with this task.

Chris Harvey
Elections Director, Georgia Secretary of State

**Statewide Official GEMS Data Base/Disk Delivery/Pickup
Tuesday, November 20, 2018**

Directions: GEMS Data Base/Disk Delivery for November 20, 2018. Investigators will be on-site at 10:00am Tuesday, November 20, 2018 and remain on-site until all disk packages are picked up or until 2:00pm that same day. If you should experience any difficulty with arriving at your assigned location within the allotted time frame, please notify your Liaison as soon as possible. If you fail to pick up your GEMS Disks at your assigned location, you will have to pick up your disk at the SOS office in Atlanta.

The ExpressPoll Bulk Update files for the December 4th General Election Runoff have been posted to the county folders on the SOS FTP. The ExpressPoll Bulk Update folder on the SOS FTP contains three files, two of which are PDF files (Summary Statistics and the Bulk Update Records report), and the third file is the Bulk Update file.

We will be here Saturday to help if you run into any issues.
